Going Strong since 1671!

St. Ignace Citizens

We have been getting several questions related to the transition to GFL for our Residential Garbage Pickup service. If your old garbage or recycling container has not been picked up. Please call Waste Management at (906) 635-5774, and they will make arrangements with you to pick up your old container.

If you do not have a new container for your garbage by Monday (May 4th), you can call GFL at (906) 635-3380, and they will bring a new container to your residence.

If you would like a recycling container, call the GFL number and they will assist you with that also.

If you have experienced any problems in this transition, I am truly sorry for the inconvenience.

A handwritten signature in blue ink, reading "Michael J. Stelmaszek".
